Whittall's Wilton Rugs

The American Rug With the Art of the Oriental.

So beautiful are the new "WHITALL" Rugs, so perfect are their imitation of rare old Orientals, as to be justly termed "Real Oriental Rugs in America." They have the rich, lustrous sheen and the deep, rich pile that is characteristic of Oriental weaves. In the making of the "Whittall" mills use exactly the same sort of wools as are used in the much higher priced products of Palestine, Persia, Arabia and the Himalayas.

Pure aniline dyes forced through the yarn give these "Whittall" Rugs their beautiful, lasting shades, colors and tints.

The fineness and beauty expressed in the new "Whittall" weaves add grace and dignity to any home. The range of colors and shadings is of the widest. The Rugs are adapted to any purse and purpose—for living-room, dining-room, sleeping-room, library, parlor, hall and den.
